GT	Gregory Terrace
BSHS	Brisbane State High School
IGS	Ipswich Grammar School
ACGS	Anglican Church Grammar School

BBC	Brisbane Boys' College
BGS	Brisbane Grammar School
NC	Nudgee College
TGS	Toowoomba Grammar School

COMPETITORS' STARTING INSTRUCTIONS

- (1) Consistent with the amended provisions of the Swimming Rules, the Starter will not necessarily brief competitors on his requirements before the Start.
- (2) The Referee will give a long, drawn out crescendo blast on the whistle to signal competitors to take up a position on their blocks, or, in the case of a Backstroke event, to come to their starting positions in the water.
- (3) The False Start Rules will be applied in this way:
 - (a) A swimmer who dives into the pool before **ASSUMING AND HOLDING his starting position prior to the signal to start is liable to disqualification on the recommendation of the Starter and with the concurrence of the Referee.**
 - (b) A swimmer who is told to 'stand up' and who then wilfully dives into the pool after the order is given would contravene the "wilfully disobeying an order" rule and consequently **is liable to disqualification on the recommendation of the Starter and the concurrence of the Referee.**
 - (c) A swimmer who overbalances and falls into the pool after being told to 'stand up' is not, however, in contravention of the "wilfully disobeying an order" ruling.
- (4) When requested by the Check Starter, the competitors will move in a group onto the Pool-deck each to a position immediately behind his/her Lane Starting Block.
- (5) After the competitors have placed themselves behind their respective blocks, the announcer will make the appropriate introductions.
- (6) The Referee will give a long, drawn out crescendo blast on the whistle to signal competitors to take up a position on their blocks, or, in the case of a Backstroke event, to come to their starting positions in the water.
- (7) The Starter will give the precautionary command "Take your marks". Competitors will immediately take up their starting positions at the front of the starting block, or, in the case of a Backstroke event, their starting positions in the water, and REMAIN STATIONARY.
- (8) When all competitors are stationary the Starter will give the starting signal.
- (9) Competitors must finish in the lane in which they start. They will remain in the water in their lanes at the finish of the event until a signal is received from the Referee to leave the water.

In this meet, starts will be in accordance with the F.I.N.A. International Rules.

- **THE ONE START RULE SHALL APPLY THROUGHOUT THE WHOLE OF THE MEET.**
- **Feet first entry to the pool will apply to all backstroke events.**
- **Any relay team shall be disqualified from a race if a team member, other than the swimmer designated to swim that length, enters the water when the race is being conducted, before all swimmers of all teams have finished the race.**

BARRACKING: Shortly before the commencement of each event a whistle will be blown to serve as a request to all supporters to refrain from making any noise until the competitors have entered the water.

GPS SWIMMING PROGRAM

Order of Events

Event	Time	Name of Event	Age Group
1	6.00pm	400m Freestyle	All Age
2	6.09pm	200m Ind. Medley	All Age

Fire & Evacuation Procedures

BRI/BANE AQUATIC CENTRE

FIRE WARNING SYSTEM

Installed in the building is an Automatic Fire Alarm System with Heat Detectors, Smoke Detectors & Manual Call Points located throughout the building. Activation of any of the above devices **WILL** automatically call the Fire Brigade.

A fire alarm will cause the emergency warning system to produce a sound called the Alert tone **Barp Barp**

Should an evacuation of the building be ordered the sound you will hear is **Whoop Whoop**

**To call Fire Brigade
Dial 000 or mobile 112**

SAFETY MEASURES

- ⇒ Sound the fire alarm on discovery of a fire by breaking the glass on the nearest manual call point
- ⇒ Always react to a fire alarm and assist others.
- ⇒ Familiarise yourself with the locations of fire extinguishers and the Manual Call Points in your work area
- ⇒ Exit passageways and access to extinguishers and Manual Call Points must remain clear at all times
- ⇒ Tasks which may result in a fire should be avoided. **TURN OFF** electrical appliances when not in use.
- ⇒ Your role during a fire alarm is firstly preserve life safety then attempt to extinguish the fire (only if safe to do so)

FIGHTING OF FIRES SHOULD, FOR SAFETY REASONS BE UNDERTAKEN IF TWO PERSONS ARE PRESENT, THE CORRECT FIRE EXTINGUISHER IS AVAILABLE AND IT IS SAFE TO PERFORM THIS TASK.

Mobility impaired persons should exit immediately on a fire alarm, assisted by a nominated person at the time.

FIRE FIGHTING EQUIPMENT

Installed in the building.

Fire Hose Reels

- Carbon Dioxide Extinguishers**
(Colour Red with Black Band)
- Dry Chemical Powder Extinguishers**
(Colour Red with White band)
- Vaporizing Liquid Extinguisher**
(Colour Red with Yellow Band)

Check the extinguisher label for instructions.

UNDER NO CIRCUMSTANCES SHOULD FIRE HOSE REELS BE USED ON OR NEAR LIVE ELECTRICAL APPLIANCES OR POWER OUTLETS.

FIRE ALARM PROCEDURES

At all times, when a fire alarm sounds or hearing the Alert tone **Barp Barp**, you are to prepare to evacuate.

- ☑ Warn Public, make safe equipment, store valuables collect personal belongings from the immediate area
- ☑ Move to an exit point from your area and await instructions from the Fire Warden.

EVACUATE THE BUILDING IF YOUR SAFETY IS AT RISK, SMOKE IS PRESENT (OBVIOUS OR SMELT) OR IF INSTRUCTED BY THE FIRE WARDEN

When the order to evacuate is given or when hearing the Evacuation tone **Whoop Whoop** you are to:

- ☑ Exit the building by the nominated exit points and move directly to the Assembly Area. Fire Wardens will take control and provide any further directions.

APPLY CAUTION IN CROSSING ROADS

IF A FIRE ALARM SOUNDS AFTER ADMINISTRATION WORKING HOURS, OCCUPANTS ARE URGED TO EVACUATE IMMEDIATELY

DO NOT RE-ENTER THE BUILDING UNTIL THE FIRE BRIGADE ADVISE IT IS SAFE TO DO SO.

EVACUATION PLAN

FIRE EXTINGUISHER OPERATION:

- ⇒ Stand well back from fire (two to four paces)
- ⇒ Always face the fire with your back to a clear doorway
- ⇒ Pull pin on fire extinguisher
- ⇒ Squeeze lever
- ⇒ Direct at fire operating with a slow side to side motion
- ⇒ Slowly move closer towards the fire as it diminishes. (remain at least one pace away)
